Professional Development in your school

Connecting creative teachers with creative software

Pick & Mix Your Professional Development!

2Simple professional development will help your school get the most out of the wealth of tools and resources in Purple Mash. Whatever your goal, from an introduction to the software, ideas for classroom application or Purple Mash updates we can tailor a session to meet your needs. Choose from the options below or just tell us exactly what you want and we'll tailor a course for you.

An introduction to Purple Mash

Purple Mash is a huge, ever growing resource that spans the whole curriculum. This session is perfect for Purple Mash first-timers who are keen to get off to a flying start.

- Overview of all tools and curriculum resources
- How to search Purple Mash
- Embedding across the curriculum
- Setting up your staff and learners

Coding and Debugging

Whether you're looking to deliver the coding elements of the National Curriculum 2014 (England) or simply want to introduce this engaging subject in your school, 2Code can be used to teach and inspire children of all abilities.

- Hitting objectives with the guided lessons
- Debugging
- Challenging advanced learners using the 'free code' area

Designing and creating using a range of programs

2DIY lets children and teachers create their own cross curricular resources. It's an incredibly versatile tool with thousands of applications.

- Creating your own cross curricular resources
- Making resources in one class for use in another
- Saving and sharing your creations

Unleashing digital creativity in the classroom!

There are so many ways in which Purple Mash can support and develop digital creativity in the primary classroom; this session will help you to discover them. From creating and publishing ebooks and games to digital artistry and animation.

- Inspiring digital authors
- Creating amazing art without the mess
- Getting things moving with animations
- How to extend the learning at home

Creative literacy

Engage even your most reluctant readers and writers by teaching literacy through technology. From the growing Serial Mash library through to the hundreds of scaffolded publishing projects, Purple Mash is packed with opportunities for reading and writing.
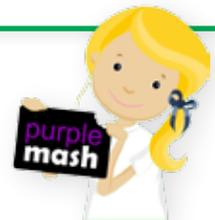

- Using Serial Mash effectively
- Finding the perfect publishing template
- Writing collaboratively using 2Write,
- Making ebooks using 2Create a Story
- Exploring characters with Mashcams.

Write @ Home, tools for the trade!

Support creative and imaginative writing outside of school using a range of Purple Mash tools and resources. Tear down the classroom walls and take the learning everywhere!

- Motivate and inspire work at home
- Parental involvement
- Sharing with an online audience

Purple Mash Refresher

Purple Mash is constantly updated with new tools and resources. So if you don't feel like you are making the most of what's available on Purple Mash, it's probably time for a quick twilight update!

Subject Leader Support

If you don't feel confident setting up users and classes or generally administrating Purple Mash, we can help. Why not book a session to help you learn how to set Purple Mash up to ensure the best outcomes for your users?

Parent Workshops

Parents have a huge impact on a child's educational success and, as Purple Mash can be used at home, they can help greatly with homework and spontaneous creative activities away from school. We can support you in providing Parent Workshops to help them make the most of Purple Mash at home.

Purple Mash
Professional Development

If you have purchased Purple Mash and would like support with the range of curriculum content, a staff session on the new 2Code activities or setting up the children using the administration tool, please get in touch.

> "Training was tailored to our school's needs and staff couldn't wait to use Purple Mash in their lessons. It was great having one to one time with the trainer going through how to use 2Lasso enabling me to have control over logins and manage users."
>
> *Karla Potts, Deputy Head at Pelsall Village School, Walsall, West Midlands*

> "The whole school Purple Mash training session was extremely valuable in motivating staff to use the resources, they couldn't wait to get started the following day! Brilliant for meeting the needs of the new computing curriculum. I hadn't realised just how easy it was to use Purple Mash to set up activities for homework. "
>
> *Jeanette Sharp (Computing Coordinator), Buckshaw Primary School, Chorley Lancashire*
